

FILM:

**617 - THE
LAST DAYS OF
A VULCAN
SQUADRON
(1982)**

Why was this squadron nicknamed 'The Dambusters' in World War Two (WW2)?

What new weapon was used by the squadron in WW2?

What marked "the end of the airman as a hero" in WW2?

Describe the sound of the Vulcan as it takes off.

How do the team feel about leaving the 617 Squadron?

What is the weather like for the final sortie?

What unexpected event happens before the squadron can make their final flight?

Before the final take off, a clip from the film *The Dambusters* is shown. Describe the mood the music from this creates.

On the final flight, the dialogue from *The Dambusters* is played. Why do you think this has been done?
